

INTELLECTUAL PROPERTY ASSIGNMENT

I have contributed, or may be contributing, to the development of _____ (“Project”) within the _____ department of the University of Michigan.

I agree as a condition of my participation in Project, in consideration for the use of University of Michigan resources related to Project, and/or for other consideration, to assign, and hereby assign, to the Regents of the University of Michigan (“University”) all rights, including patent rights and copyrights, in inventions or materials of which I conceive or reduce to practice through my work on Project (“Inventions”). I agree to inform University of any Inventions that I may develop and to cooperate with the University, at University’s expense, to obtain intellectual property protection (including copyright(s), patent(s), trademark(s), trade secret(s), or any other means of protecting Materials) relating to any Inventions.

The University and I agree that I will be treated as an employee-inventor of the University, under official University policy, including revenue sharing policies, as they may be amended from time-to-time. The University will manage the intellectual property and will be solely responsible for deciding what form of protection, if any, to pursue and the form and extent of commercialization of the intellectual property, if any. I acknowledge that my obligations and responsibilities under this agreement will continue conclusion of my involvement with Project.
